

Late Summer at Roundhill Cottage

Angelica sylvestris purpurea rises above verbena and gaura

Eryngium yuccifolium and Agastache "black adder"

Allium sphaerocephalon and pale blue Jacobs ladder

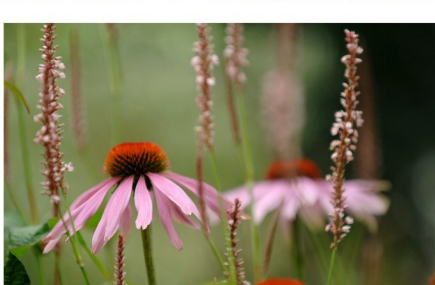

Su Cloud's giant pine cone ceramic on a seat by the Cotinus smoke tree. Penstemon Alice Hindley, mint and purple sage.

Hand carved wooden shell. I shall try to make a cast of this because it's slowly rotting away, and the chap ruined his wrists carving it, very sad, so this was his last one. Persicaria amplexicaulis amidst the smoke tree.

Spikes of Persicaria amplexicaulis rosea and the bees favourite the cone head of Echenacea Below The leaves of the Parotia tree turn to red, orange and then yellow.

The long winding stone seat is planted with Stipa tenuissima and Cosmos,
